RETURN RECEIPT REQUESTED

DUANE CRUTCHFIELD
ASH GROVE CEMENT COMPANY
PO BOX 51
NEPHI UT 84648

Dear Mr. Crutchfield:

I want to begin by apologizing for the delay of this letter.

In July of this year, Larry Garahana of my staff concurred with a Reclamation Specialist from the Division of Oil, Gas, and Mining (DOGM) on releasing Ash Grove Cement Company from any further reclamation responsibility at the site located in the W½ Section 25, T. 13 S., R. 2 W., and to also release the surety bond and close the file. As of the date of this letter, based on the concurrence with DOGM and a Surface Compliance Inspection completed in July by Mr. Garahana, we have determined the surface disturbance related to your mining operation has been satisfactorily reclaimed. Therefore, this notice case file is closed.

If you restart any mining related activity that causes surface disturbance, then you must re-notify this office at least 15 days prior to the start up of your operations.

Thank you for submitting your notice and for your support in proper management of public lands. If you have any questions, please feel free to contact Larry Garahana at (435)743-3126.

Sincerely,

Rex Rowley
Field Manager
